FULL STACK DEVELOPER

.NET Framework	**Unit Testing**
Full Stack Web Application Design	**Software Development Lifecycle**
C# Fundamentals	**Agile Scrum Methodology**
Database Management	**Continued Growth in IT Knowledge**

TECHNICAL AND PROFESSIONAL SKILLS

Front End: HTML5, JavaScript, jQuery, jQueryUI, CSS3, Responsive/Mobile Web Development, Bootstrap, ReactJS

Middle Tier: C#.NET, ASP.NET, LINQ, MVC, EF, ASP.NET Web API

Back End: ADO.NET, SQL, SQL Server

Tools: Visual Studio, Visual Studio Code, SSMS

Professional Skills: Troubleshooting, Critical Thinking, Communication, Project Management Fundamentals, Teamwork, Pair Programming

INDEPENDENT DEVELOPMENT PROJECTS

- **Personal Site: Created a personal site using bootstrap, HTML, CSS, JavaScript and jQuery to showcase my skills. Within my personal site I have links to all other projects in my portfolio section.**
- **StoreFront**: Created a secure application for managing product data. Application is built to simulate an online store front with a shopping cart. Administrators can manage product, category, and vendor data.
- **S.A.T. Scheduling Administration Tool:** Created a secure application for managing product data. Application is built to simulate an online class scheduling system. Administrators will have the ability to manage students, courses, scheduled classes, and enrollments.
- Professional Website: Created a fully operational website with functions and features tailored directly to what the client had asked for. This site operates an online store front for a small business based out of Dallas, TX.

TECHNICAL TRAINING

Full Stack Web Developer Program, Centriq Training	Anticipated Graduation MM/YYYY

City, State
Core Competencies:

- MVC Framework
- Trouble Shooting & Debugging
- Website Deployment
- Pair Programming

- Source Control
- Agile/Scrum (Created Team Project)
- Code Review

WORK EXPERIENCE

Maintenance Technician, Genesis Health Clubs   10/2019 – Present
Overland Park, KS

- Inspected wiring, repair pipes, troubleshoot equipment, replace light bulbs, and install new equipment.
- Documented temperature information on boilers and other control systems to ensure safety and identify discrepancies that could indicate a machinery problem.
- Liaison between local facility and City inspectors, passing all State and Federal level quality tests keeping the facility fully operational.

Low Voltage Technician, Bill Ireland Security   05/2017 – 11/2019
Overland Park, KS

- Responsible for monitoring and installing low-voltage cables and systems for electronic equipment and communication devices.
- Analyzed blueprints and schematics to connect the cables safely and accurately.
- Kept in constant communication with office staff, management team and customers to provide the best quality service and efficient route management.

Marksmanship Instructor, U.S.M.C   05/2013 – 12/2014
Kane'ohe Bay, HI

- Led all instructions for Marines on how to precisely fire the M16 and M4 service rifle.
- Instructed in all phases of the Marine Corp Marksmanship Program on the qualification and requalification on small arms ranges.
- Created formal and informal presentations that were presented to approximately 500 Marines at a time.

Squad Leader, U.S.M.C   03/2011 – 12/2014
Kane'ohe Bay, HI

- Directed team leaders and led by personal example, which led to the successful deployment of 65 new Marines.
- Conducted monthly one on one counseling sessions with all Marines in my squad.
- Maintained accurate counts of all serialized gear for my platoon with an estimated cost of 2.5 million dollars.
